4/Let's make this a little more concrete.

In America, we have had under-investment and political dysfunction for decades because a significant chunk of white Americans don't want to pay for stuff that benefits black Americans.

## MONOEROTICITY.—MONOGAMY

THE DISPOSITION TO LOVE ONE ONLY.

*The dove or round shape of the eye openings is the most unexceptionable evidence of large mating love.*

Monoeroticity Large—Mrs. Margaret Fuller Osoli, who preferred to drown rather than to leave her husband.

Monoeroticity Small—Brigham Young, the noted polygamist.

The attention is riveted upon the being on whom we have lavished our love and affection, to the exclusion, for the time-being, of any other object that may be within the range of vision, and we find that a tendency to unity

## POLYEROTICITY.—POLYGAMY.

THE DISPOSITION TO LOVE MANY.

*The amount of love for the opposite sex may be known by the fulness of the eyes, and its quality by the shape of the commissures, or opening between the lids of the eyes. When the opening is quite almond-shaped, promiscuous love prevails in that form; if the commissure has great vertical measurement, the love is connubial.*

Polyeroticity Small—The eye of Mrs. Margaret F. Osoli.

Polyeroticity Large—The eye of Brigham Young.

Polyeroticity Large—The head of a Hog (*Genus Sus*).

Polyeroticity Small—the head of a Turtle-dove (*Turtur Auritus*).

While a generation of white Americans had gained wealth through discriminatory government-sponsored credit subsidies for student and mortgage loans, **Mr. Nixon pointed blacks to the free market and wished them luck**. Black capitalism was so politically appealing, every administration since Mr. Nixon's has adopted it in some form. Black capitalism morphed into Ronald Reagan's "enterprise zone" policy, Bill Clinton's "new market tax credits," and Barack Obama's "promise zones."
